

Health Guarantee for Andrea's Yorkies

We guarantee our Yorkie Pups for 6 months after date of purchase that puppy will be without congenital life threatening defects. When you adopt your new Yorkie baby from us, it will have had its first set of shots and deworming that is recommended for its age. You will be responsible for continued care for the puppy. If puppy doesn't receive the rest of his puppy shots this guarantee becomes void.

It is your responsibility, as the new Yorkie owner, to take your puppy to be examined by your veterinarian within 3 days after purchase unless purchase falls on a weekend or holiday in which case pup must be examined the first day after holiday or weekend. If your Yorkie is found to have a congenital life threatening defect the Yorkie pup will be replaced with the next available pup of the same sex and the same estimated size.

All Veterinarian bills incurred are the responsibility of the buyer. In case of death of the pup an autopsy must be done before a replacement can be made. If the Yorkie pup was shipped, shipping costs will be the responsibility of the buyer.

There are no cash refunds.

All pups are sold as pets unless discussed with me for breeding rights.

All pups will be Vet checked by seller 1 week before delivery.

This guarantee is void if the pup is resold or ends up with another family.

Thank you for your purchase from Andrea's Yorkies
